

Synthetic Phonics – Word Completion

Activities: VC and CVC Words

Word list for completion...

sat, sit, mat, Sam, Tam, it

Most of the target words is a CVC word. That is, each word has three sounds, two are **consonant** sounds (C), and one is a **vowel** sound (V). One of the words is a VC word, the word **it**. In these activities the vowels are all *short* vowels – a i o e u - and are consistently the same sound when spelling.

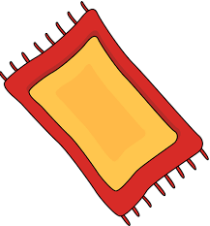

Directions

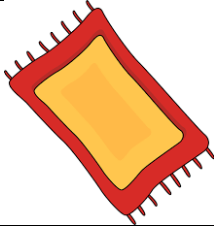

- Your child's task is to write the missing letters/graphemes in each box.
- There are 7 box sets of 3. Each word is at different levels of completion.
- The first series of three boxes contain the complete target word, and is to be used as a reference.
- Cover completed words before starting the exercises.

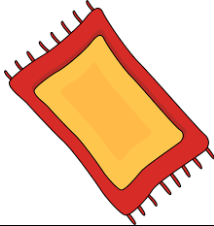

Tips

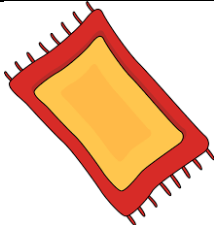

- Cover the target words.
- Encourage your child to sound out the sounds while writing the letters.
- Feedback for errors, i.e. your child writes **tis** for **sit**. Say, 'The first sound in this word is /s/. Listen as I say the sound /s/.' Point to the letter **t** at child's attempt to write **sit**. Say. 'This is the /t/ sound. The first sound is /s/.' Point to both the **t** and the **s** spellings. Ask your child, 'What do you need to do?' (Swap the **t** spelling with the **s** spelling.)
